Career Objective

Enthusiastic and detail-oriented B-Tech 3rd-year student specializing in Artificial Intelligence, Machine Learning, and Web Development. Passionate about solving real-world problems using technology, with strong programming and analytical skills. Seeking an internship to contribute to impactful projects while enhancing technical expertise and industry knowledge.

Education

Bansal Institute of Engineering & Technology, Lucknow

B-Tech in Information Technology — 3rd Year (2023–2027) — CGPA: 8.0/10

Janta Inter College, UP Board

Class 12th, 2023 — Percentage: 70%

S.B.V.M.I.C., UP Board

Class 10th, 2021 — Percentage: 76%

Skills

Programming Languages: Python, Java

Web Development: HTML, CSS, JavaScript

Data Analysis & Visualization: NumPy, Pandas, Matplotlib (Beginner – currently learning)

Databases: MySQL (Basic)

Tools & Platforms: VS Code, Git/GitHub

Soft Skills: Problem-Solving, Teamwork, Communication, Adaptability

Projects

Personal Portfolio Website — Designed and deployed a responsive portfolio website using HTML, CSS, and JavaScript, showcasing personal projects and achievements.

Python Automation Scripts — Built automation scripts for file organization and text processing, reducing manual effort and saving ~30% time on repetitive tasks.

Student Performance Data Analysis (Mini Project) — Used NumPy, Pandas, and Matplotlib to analyse student marks dataset, calculate averages, identify top performers, and visualize performance trends with bar charts and line graphs.

Extra-Curricular Activities

Member of Coding Club, actively participating in coding challenges (Hacker Rank, Leet Code). Volunteered in college technical fest, managed event coordination and student engagement. Participated in AI/ML workshops and hackathons to strengthen applied learning.
